

PRESS RELEASE

FOR IMMEDIATE DISTRIBUTION

August 25 2021

Lippo Cikarang and Bekasi Regency Government collaborate to vaccinate Children with Special Needs, to support the achievement of 'Herd Immunity'

Cikarang, PT Lippo Cikarang Tbk on Wednesday (25/8/21) held vaccinations for children aged 12-17 years, including Children with Special Needs, in District 1 Meikarta, Lippo Cikarang, in collaboration with the Bekasi District Health Office and Child Empowerment Service, and attended by the Acting Regent of Bekasi Regency, Dani Ramdan.

Dani Ramdan had expressed his admiration for the actions of children from the Regional Children's Forum (FAD), especially representatives of the South Cikarang Children's Forum (Forcisel), which presented various dances, read poetry and launched books.

Meanwhile, Jeffrey Rawis, 'Head of Public Relations' Lippo Cikarang said, Lippo Cikarang always continues to support the government's program in carrying out Covid-19 vaccinations, including for children, through synergy between the government and the private sector, which will accelerate achievement 'herd immunity' especially for children and adolescents.

Reportedly, the implementation mechanism is still the same as the Covid-19 vaccination for adults, namely through the 'screening', implementation, and observation stages. The type of vaccine used has been determined by the Bekasi Regency Government (Pemkab) through the Health Office, namely Sinovac.

For children and adolescents aged 12-17 years, one of the requirements that must be met is to bring a Family Card or other document by including the child's NIK (Population Identification Number).

Forcisel book launch

Operationally, this vaccination activity is a collaboration between PT Lippo Cikarang Tbk with the Sukadami Health Center and the Bekasi District Health Office. A total of 130 children were vaccinated, and 50 of them were children with special needs.

In addition to Acting Regent Dani Ramdan, this child vaccination activity was also attended by the 'Mother' of the Regional Children's Forum, Ria Sabaria Dani Ramdan who also held dialogues and gave directions to child coaches.

Acting Regent of Bekasi, Dani Ramdan admitted that he was amazed by the two agendas for children. Namely, child vaccination and book launch from the South Cikarang Children's Forum (Forcisel).

"This vaccination is in accordance with the government's recommendation for 'herd immunity'. By now being held today, it will accelerate the achievement of the vaccination target for ages 12 and over, that is our hope," he said again.

In the middle of the child vaccination program, it was followed by the 'launching' of a book written by Forcisel. The launch of this children's book is an appreciation given by Lippo Cikarang to children who are still productive to produce works in writing in the midst of this Covid-19 pandemic. *
